## 'CHARLEY' PADDOCK WILL BE SPEAKER AT HI-Y MEET

**Champion Sprinter to Talk  
of Athletics at Banquet on  
Next Monday Night**

Featuring the regular monthly banquet of the Glendale Hi-Y club Monday evening in the Methodist church parlors, will be "Charley" Paddock, world's champion sprinter, the guest of honor, and principal speaker of the evening's festivities; according to plans announced yesterday by County Secretary Rex Kelley. All five groups of the Glendale Hi-Y club, composed of more than 75 local high school boys between fourteen and eighteen years of age, will take part in the banquet, prepared and managed by the boys themselves.

Local officials of the club have been endeavoring to arrange a date suitable to Mr. Paddock to meet the demands of his many admirers among the boys of this city. He is the ideal of all track enthusiasts, with the boys of Glendale watching with keen interest all events he enters.

Mr. Paddock will discuss track notes with the boys, answering their numerous questions and advising them on the best course to follow to succeed in athletics.

**Dale Wood in Charge**

President Dale Wood of the Hi-Y club will be master of ceremonies at the banquet, their first united gathering since last December. Discussion of future plans and important talks will form part of the evening's entertainment.

The Glendale groups have been invited to attend a special entertainment given for their benefit at Long Beach by the local Hi-Y organization of that city, according to a communication received yesterday from President Martin Fisher at Long Beach.

The meeting will be held Monday evening, February 13, in the parlors of the First Methodist church at 6:30 o'clock for club members only.

Two groups of the club will take an educational trip to Los Angeles Saturday to visit a leading manufacturing plant. Another group are planning a trip into Mint Canyon to enjoy the numerous sports found in snow regions.

People to Sign Their Names  
to Straw Ballots**

Have you voted yet?  
C. D. Gulick, city traffic expert, stated this morning that the first two coupons received by him had been favorable towards the establishment of a bus line.

On account of the possibility, he said, of the Pacific Electric mailing in a bunch of coupons marked negatively, Mr. Gulick requests citizens to sign their names and addresses to the coupons before mailing them to him. The ballots will then be checked up with the registers or city directory.

The importance of paying attention to this straw vote was emphasized this morning by City Manager W. H. Reeves, who stated that the administration would do nothing further in the matter before observing the attitude of the public as expressed on these coupons.

## ENIGMA GIRL SOBS OUT STORY OF WHY SHE LEFT HOME

**Fails To Pass In School, So  
She Decides To Disappear;  
Leaps From Auto**

Evelyn Horn, who has baffled the police for the last thirty-six hours with her strange stories and calling herself Betty Marsh or Beatrice March, shortly before noon today sobbed out the story of how she left home on Terminal Island, San Pedro, after having failed to pass her grade in arithmetic at the San Pedro Harbor schools.

At the request of The Glendale Evening News, C. E. Kimlin, business manager of the Glendale Sanitarium and Hospital, and Miss Doris Miller, head nurse, questioned the girl and definitely established the fact that she was missing from the city school. She stated that her father was dead and her mother, Mrs. Woodward, of 128 Cannery street was employed in a cannery.

**Leaps from Auto**

The girl left San Pedro Monday morning and rode to Los Angeles on the Pacific Electric. Wandering about the streets she was picked up by three men in an automobile and rode with them to Colorado and Verdugo Road where because of insults she jumped from the machine.

For two weeks the girl had been planning to leave home as things were not going satisfactorily and it was her intention to get back east to her former home. It is probable that arrangements will be made by the officials to place her where she can be her happy self, as "Betty" had the determination to do many things an older girl would not essay. Her mother is expected to come here tonight.

## Today's World News In Brief (By International News Service to Glendale Evening News)

**S. F. LAWYER LEAVES \$100,000 TO JAPANESE WOMAN**  
REDWOOD CITY, Cal., Feb. 8.—Whether the promise his spirit would be deified as a Japanese God caused the late Henry P. Bowie, San Francisco lawyer and student of things Oriental, to bequeath \$100,000 to a Japanese woman and her two sons living in Yokohama is the unique question raised in a will contest on file here today. George H. Howard Stephen filed the suit and alleged a strange Oriental influence caused Bowie to will nearly half his estate to the Japanese family who have never visited the United States.

## OBENCHAIN JURY WILL BE COMPLETED TODAY, BELIEF

LOS ANGELES, Feb. 8.—Anticipating the completion of the jury within possibly a few hours, Deputy District Attorney Asa Keyes today summoned the first prosecution witnesses to Superior Judge Reeve's courtroom in the trial of Mrs. Madalyn Obenchain, charged with the murder of J. Belton Kennedy. J. D. Kennedy, father of the slain man, and Autopsy Surgeon Wagner were summoned as the first witnesses for the prosecution. Kennedy will identify his son as the victim of the murder. He will be recalled later in the trial to relate conversations with Mrs. Obenchain during the time he endeavored to break the relationship between her and his son. Wagner will describe the shotgun wound which caused Kennedy's death. Soon after the taking of testimony is started, it was learned today, the jury in the case will be taken to Beverly Glen to inspect the scene of the slaying at Kennedy's cabin. Mrs. Obenchain will accompany the jurors. It will be her first visit to the place where she saw Kennedy killed since she was taken there shortly after the murder by detectives.

## SEARCH FOR SANDS IS FURTHER PRESSED BY POLICE

LOS ANGELES, Feb. 8.—While the attention of officers working on the William Desmond Taylor murder mystery today was centered on unearthing hitherto veiled secrets in the life of the slain director and women widely known in the film world, it was understood there was still great activity at police headquarters regarding the search for Edward F. Sands, former secretary-valet of the victim. Reports were current that officers detailed to investigate the Sands angle of the mystery made progress during the night by developing clues tending to show that the missing man may have had business relations with two, and possibly three women of the cinema world. No hint was given to newspapermen what these relations were. It was said officials of the district attorney's office are taking an active interest in the investigation today. This was regarded as indicating an early grand jury probe of the case, together with possibly a direct charge against Sands by the district attorney. A soiled handkerchief, bearing the initial "S" was found near Taylor's body when it was picked up last Thursday morning, according to a statement from detectives today. Police believe the handkerchief was dropped by the murderer, either before the fatal shot was fired or during the assassin's hasty exit from the house. A new mystifying fact was thrown into the case when detectives reported that the letters written by Mabel Normand to Taylor had been returned to the actress after being missing for several days. Report was made to the police the

## Short Change Attack Fails, So Man Pulls Gun on J. H. Douglas

Failure of an attempt to short change J. H. Douglas in William Griffin's plumbing shop, 806 South San Fernando Road, yesterday afternoon resulted in his being held up by an automatic and relieved of \$4.90.

Upon the arrival in the showroom by Mr. Douglas from the back shop, where he had been working, a tall, well-dressed man purchased a small brush which he said would do as a clothes brush, despite the fact that Mr. Douglas insisted that it was a manicure brush.

In payment, a ten-dollar bill was offered which Mr. Douglas was at first reluctant to change. Upon receiving \$9.90 in change, the man stuffed it into a pocket and then, pulling out a bill exclaimed: "Here's a dollar I didn't know I had, give me back the ten."

"What's the trouble, Bill?" inquired a short, stocky confederate entering the establishment at this time.

"This man is trying to short change me," insisted "Bill."

"No, I'm not either," replied Mr. Douglas. "He's trying to work a trick on me that's so old that it's got whiskers. It won't go."

"Well, you will give him back the ten," exclaimed the new arrival and he pulled out an automatic. "Be quick."

Mr. Douglas complied with the request remarking:

"You've got the drop on me now, but we may meet again."

After his visitors had departed in their automobile headed north on San Fernando road towards Burbank, Mr. Douglas noticed that the man had made a mistake and given him a five dollar bill instead of a one dollar bill as he had evidently intended to do from his conversation.

day after the director's body was found that a bundle of letters penned to the murdered man by the popular star had mysteriously disappeared from the Taylor home. While Miss Norman protested to officers that there was nothing of importance in the missives, the police were eager to obtain possession of the missing letters and to solve the mystery of their disappearance from the home of the murdered man. The actress stated that she desired them only because of the certain endearing terms contained in them which she feared might be misconstrued in the light of developments in the sensational murder. At the Normand residence today denial was made by representatives of the actress that the letters had been returned. The actress was still reported prostrate following her collapse yesterday following the intense excitement that ensued at the funeral of the film man. Officers are at work to substantiate the report that the letters were returned and added that a thorough probe will be made to learn who had taken the missives from Taylor's home.

#### CUT FOR INTERIOR DEPARTMENT MADE BY COMMITTEE

WASHINGTON, Feb. 8.—The sum of \$295,622,112 for the continuation of the interior department's work for the fiscal year 1922-23 was granted today by the house appropriation committee's favorable report of the interior department appropriation bill. The amount granted is \$3,754,920 less than the department requested, and \$19,573,037 less than last year's appropriation.

#### AGED STATESMAN REFUSES KING EMMANUEL'S REQUEST

ROME, Feb. 8.—Signor Giolitti, veteran Italian statesman, today refused again the request of King Victor Emmanuel that he attempt the formation of a cabinet to succeed the resigned Bonomi ministry. The king then asked former Premier Orlando to attempt to construct a cabinet. It has been many years since the king has had such a difficult time to get the organizing of a new government. There are numerous issues of great importance which the next ministry must handle, chief among them being: Quirinal-vatican relations and the possibility that the government may be called upon to meet reconciliation overtures from the Roman Catholic church; Plans for the international Genoa conference with divergent interests being urged by various countries; Labor troubles; Criticism over the financial near-panic.

#### FORMER U. S. LINER ON FIRE AT SEA; CREW IS SAVED

NEW YORK, Feb. 8.—The former United States liner Northern Pacific, which sailed from Hoboken last night with a crew of seventy men, is burning today 100 miles south of Sandy Hook. Her crew has abandoned her. Latest reports from the flaming vessel indicated she was lost. She had taken an extreme list. All of her crew except four were accounted for in late dispatches to naval officials here. The four men who have not been picked up by other vessels are reported to be drifting in a lifeboat. They are reported to be employees of the Sun shipbuilding company of Chester, Pa. The Northern Pacific was being taken to Chester, where it was to undergo repairs. The vessel had been purchased from the government by the Admiral line and was to sail from New York for San Francisco in May. No passengers were on board. The steamer Herbert G. Wylie reported she picked up a second officer, a second engineer and three seamen from lifeboats of the vessel and was standing by at 8 o'clock. None of the reports indicated how the vessel had caught fire. After an early report had been sent out that the Northern Pacific was afire, officials of the army transport service issued a denial, saying that the vessel was tied up at her pier. Later it developed she had left last night for Chester.

#### AMERICAN NAVY WILL BE DEEPLY CUT BY CONGRESS

WASHINGTON, Feb. 8.—The American navy is in for the greatest cutting it has ever experienced at the hands of congress—a slashing that will carry it far below the mark set by the armament conferences. Republican leaders in congress, those who handle the money bags, informed the International News Service today that the American navy is just about twice as big as is necessary under existing conditions and that before congress finishes up its work this session, the navy will be reduced by approximately one-half all along the line—appropriations, personnel, both enlisted and commissioned; ships, shore stations and other factors that go to make up the navy of today. "The big navies of the world are now limited," they said. "We have declared a building holiday with our chief competitors. We are told that the peace of the world has been insured for fifteen years at least by the armament conference. Then why do we need a big navy? Besides, we have an economy program to put through, and we need the money." The first touch of the knife will be felt in the appropriations for the upkeep of the navy in the next fiscal year, starting June 30, next. The budget estimates call for an appropriation of \$425,952,367. This will be cut at least \$225,000,000, congressional leaders said today, leaving but slightly over \$200,000,000 to run the American navy from June 30, 1922, to June 30, 1923. In the original estimate there was \$90,000,000 for the completion of the 1916 building program. This will be knocked out completely as under the naval treaty with Great Britain, France, Italy and Japan, the program is not to be completed.

#### HUGE STEAMSHIP MERGER ON THIS COAST PROPOSED

WASHINGTON, Feb. 8.—Administration plans for a gigantic steamship merger on the Pacific coast, to operate under the government's proposed subsidy for the American merchant marine, were laid before a score of Pacific coast shipping magnates at the White House today by President Harding. The shipping men were presented by A. D. Lasker, chairman of the shipping board. Chairman Lasker informed the International News Service following the meeting with the president that if the plans work out satisfactorily and if it is found feasible to do so, all individual shipping concerns and transportation enterprises on the Pacific coast will be invited to enter the combine.

## COMMENT THAT'S ALL

In Hollywood's Defense  
Actors Deserving Honor  
Elements In Conspiracy  
Child Plays With World

By Gil A. Cowan

MAYOR George E. Coyer in this morning's papers tried to drag Los Angeles out of the mud—but it rained.

It seems that the Mayor thinks the movie colony is all right. He would have people believe that it isn't as bad as painted—but they paint too much in the movies.

Without discussing the Taylor murder mystery, but hearing down on the conditions in Hollywood, or Calilfilmland in general, it must be said that there are a half dozen great big contributing causes for the bad reputation which is to be eliminated by the industry.

First—Discharge all of the low-brow hangers on, cousins of the director, friends of the star, or other persons who do not merit the positions they hold. This likely would reduce production costs 50 per cent.

Second—Install managers who will not be subject to the petty politics of the studio and have absolute power over directors, stars and property. Many a dollar has been lost because of some crazy idea on the part of a director.

Third—Instruct the publicity department to eliminate all salacious sayings in connection with problem plays; censor any sensuous "stills" and otherwise attract patronage on the merit of the complete film alone.

Fourth—The state of California should have a law enabling it to deport undesirable citizens. Thousands of girls fling themselves upon the industry for support. Naturally, they are "cheap." There should be some way of sending them back to Komo and Kalamazoo.

Fifth—But, most important of all, there should be white men—real red blooded Americans owning and controlling the industry. A refined, educated person has no desire to enter the employ of the unscrupulous and money-mad who were brought up in the perverting influence of downtown New York, or some other salacious center.

Hollywood is pure, sweet, simple, wonderful—compared with the eastern environment picture people are forced into. If the calcium light must play on a dead director why not turn in toward some of the producers who are still alive and countenancing unsavory things about their studios?

Glendale is honored by the residence here of some of the most refined professional people ever appearing on the stage or screen.

It must not be taken for granted that criticism of the industry is personal, for there is good in everything.

And Glendale has gotten a great deal of good out of the ideal family life which is demonstrated by stage folk here. It is proof that the films may be decent!

Such people, working under almost unbearable conditions, are deserving of honor.

Again the winter rains have tied up building in Glendale. It would seem as though the elements were conspiring to make March the longest month yet. In the meantime February is trundling along apace. Everybody is watching Glendale—the fastest growing city in America. Let's not disappoint them.

While a "Cheerful Liar" is to be presented at T. D. & L. theatre today and tomorrow in a dramatic playlet, there is a little girl playing the role at the Glendale Sanitarium and Hospital.

When interviewed yesterday she evidently gave an incorrect name, wrong address and otherwise "spoofed" the nurses, police and newspapermen. She wasn't fooling them much—for they knew more about her than she supposed.

Not a word a person utters, not a furtive glance, not a tricky smile is passed over without some psychological explanation. The 15-year old school child will learn it doesn't pay to play with the world.

Elderly women who find their former modes of earning a living gone are now qualifying as "lady cooks" and repairers of clothing for business women in Germany.

Visiting in Glendale

Mr. and Mrs. Frank S. Chase, who reside on a ranch in mountains east of San Diego, are in the city this week visiting at the home of the former's parents, Mr. and Mrs. S. A. Chase, 1429 East Wilson avenue, having been called here by the illness of the latter. Mrs. Chase, however, has improved in health.

Due to rough roads, the visitors had quite a difficult trip north and completed the journey via railroad. They left their five sons at home. Mr. Chase formerly published a weekly newspaper here and he was quite impressed with the rapid growth of The Glendale Evening News.

**D. L. Gregg's Sea Trip**  
Proves Disappointing

D. L. Gregg of 240 North Central avenue, a director of the Glendale Chamber of Commerce, is back at the hardware business again after two weeks' vacation. He had planned to be away for more than a month, but the best laid plans of mice and men gang aft agley, as Bobby Burns would say.

When Mr. Gregg arrived in San Francisco he learned that the freight steamer on which he was to sail to the Pacific Northwest faced severe storms and weather that was 10 to 20 degrees below zero. Aside from the danger, it would have cost him several hundred dollars for an outfit to withstand the weather, so he enjoyed the fortnight around the Bay Cities.

## City Officials Visit Beach, Inspect Paving

A special trip of inspection was  
made yesterday by City Manager W.  
H. Reeves, Mayor Spencer Robinson  
and Councilman S. A. Davis to Nig-  
ger Slough on the Long Beach boulev-  
ard and to Culver City to examine  
Willite patented paving.

Mr. Reeves stated this morning  
that all three members of the party  
had been much impressed with the  
fine condition of the paving after  
considerable wear. He said that the  
Nigger Slough stretch of boulevard  
seemed as perfect as the day it was  
opened for traffic, despite the fact  
that the traffic passing over it has  
been almost four times as heavy as  
that supported by the average road.  
He stated that this road has sup-  
ported 9,000,000 tons of traffic a  
year whereas the average fixed by  
authorities for other roads is only  
2,102,000 tons.

As a commissioner of Pasadena,  
Mr. Reeves visited Nigger Slough  
when the Willite paving was being  
laid. John Byer, street superintendent  
for Pasadena, assured him that  
the paving formula, which utilized  
a low grade of sand, was utterly im-  
practical.

## PREMIERE HERE OF 'CHEERFUL LIAR' AT T. D. & L.

William Brunton Is Producer,  
Wanda Lamont Starred;  
Ghost Film on Bill

At tonight's show at the T. D. &  
L. theatre the comedy playlet, "The  
Cheerful Liar," will be presented on  
the stage in addition to "The Three  
Live Ghosts," the feature picture.

In the cast will be seen the former  
leading lady of the Alcazar theatre,  
San Francisco, David Balasco's thea-  
tre—Miss Wanda Lamont, a very  
beautiful and charming actress of  
many accomplishments. Harry Ken-  
dall who at one time was leading  
man for Norma Talmadge and Wil-  
liam Brunton of Glendale, also will  
appear.

Ralph Allan has secured this act  
staged by Mr. Brunton, just before  
it leaves for New York to play the  
large eastern circuits.

**Feature Sounds Spooky**  
This is what Mr. Allan says in a  
few words about "Three Live  
Ghosts." If you have ears of laugh-  
er prepare to shed them now. Sure  
these're back! The world thought  
these three illustrious characters had  
shuffled off—but when they came  
back the surprises, changes, scandals  
and things that happened result in  
chuckles, laughs, roars for the au-  
dience. See it. It will make you for-  
get your worries, if you have any."

The story is by Thomas Burke the  
well known writer and features Nor-  
man Kerry and Anna Q. Nilsson. This  
feature with special comedy, scenic  
and kinograms with George Olsen  
at the master organ will be presented  
for two days—A full dandy show of  
"out-of-the-ordinary" character to  
delight patrons of the popular play  
house.

## Straw Vote to Show Whether City Wants Municipal Bus Line

With straw ballots already being  
received for the proposition of the  
Glendale citizens voting \$125,000 (or  
less) for a municipal bus line to Los  
Angeles, C. D. Gulick, consulting  
traffic expert states that it is the de-  
sire of the council and mayor to  
know at this time whether or not the  
citizens here will endorse such a  
project which entails both ownership  
and operation of a fleet of 17 or  
more busses.

Mr. Gulick believes that the  
busses will provide a more flexible,  
rapid and frequent service at a  
greatly reduced rate and that the  
initial investment is comparatively  
low, probably 30 per cent less than  
estimated, he says.

"We have figured that a greatly  
reduced fare over electric car line  
rates will pay a dividend of 8 per  
cent," stated Mr. Gulick. He is very  
anxious that all readers of The Glen-  
dale Evening News mail in the bal-  
lot published in the advertising  
columns at the earliest possible date.

## The Fox, Harry Carey's Great Super-Western, at Glendale Theatre

"The Fox," Harry Carey's first big  
Universal-Jewel feature and which is  
the first super-western picture ever  
screened, is coming to the Glendale  
theatre today.

The concluding scenes were made  
at Universal City at night, where a  
picturesque stretch of country was  
illuminated by a flaring brush fire  
around which dramatic action was  
filmed.

Harry Carey himself wrote "The  
Fox." It was adapted and filmed under  
the direction of Robert Thornby. It  
will make motion picture history by  
its dramatic force, its picturesque  
locale, its interesting cast and the  
fact that regular United States  
cavalry was used to furnish atmos-  
phere.

Most of the story was filmed on  
the Mojave desert, at Lake Mead.  
At St. John's comedy contribution  
to the program is "Fast and Fur-  
ious," making the Glendale's offer-  
ing especially appealing to the true  
amusement lover.

## Father and Daughter Night Set for Feb. 21

The Christian Circle club met last  
night with the usual enthusiastic  
group of girls present at the Baptist  
church. Women of the Christian  
church provided the delightful sup-  
per for the 91 attending. Plans  
were discussed for the Father and  
Daughter night, which is to be held  
February 21. The roll call dis-  
closed the fact that the Christian  
church was most generally repre-  
sented. Following the business ses-  
sion the Bible lesson was taught by  
Miss E. Maud Soper.

## Keeping the Kiddies Clean Isn't Such a Task

—When you have only to bundle up their rompers and frocks  
and call for our driver. Just include the children's clothes with  
your other family washing and send them all to us.

We'll wash away the soil, make them beautifully bright and  
clean, and return them promptly—you'll never lack for plenty  
of nice, fresh things for the youngsters.

You'll save ever so much time, and you'll find it even more  
economical than having it done at home.

We'll wash everything, from all the flat pieces, starch where  
needed, leaving for you only a few pieces of personal apparel  
and simple things easily ironed at home.

## A GOOD HOME ON A GOOD STREET

There are many good long, short and wide streets in Glendale. They all have some good homes on them. But there is one good long wide street that has all good homes on it. That street is Central avenue.

Would you like to own on North Central avenue, a nice, five-room bungalow, close in, with a pretty lawn with pretty shrubs and flowers and with many kinds of bearing fruit trees in the back yard?

Circumstances compel me to make a quick move north and this bungalow, with or without the furniture, will be sold at a sacrifice price. Local arrangements will be made for satisfactory cash and monthly payments.

The sacrifice price will not permit listing, and paying an agent's commission, nor is it convenient to show the property except by appointment. If you are a bona fide buyer I will be pleased to make an appointment with you. Phone Glendale 1692-J.

## PENDROY STORE TO OPEN IN APRIL, IS PRESENT PLAN

### E. C. Pendroy Is Back From Eastern Markets Where He Made Large Purchases

With the opening of the Pendroy Dry Goods Co. scheduled for the latter part of April, Glendale women will be accommodated with a moderate priced, exceptional quality of merchandise, heretofore only rivalled by Los Angeles merchants, according to President E. C. Pendroy, who with Mrs. Pendroy and John Swearingin have just returned to Glendale from New York City and Chicago where they spent considerable time purchasing the latest garments and articles for the establishment.

Construction is being rushed as rapidly as possible and the personnel of the sales force is being composed. Mr. Pendroy is filling every position with Glendale residents, trying to avoid the necessity of employing help from outside fields.

According to present plans the entire first floor of the building will be devoted to the piece goods department, with allied lines. The second floor will be devoted to millinery, corsets, ready to wear and infant departments under the management of Mrs. Pendroy, who purchased all of the garments handled in this department.

Carpets, rugs, draperies, and art department, and general offices will be located on the third floor. The basement, for a short time, will be used as a reserve stock room, but later, will be used as a bargain basement.

One of the many features of the store will be the women's shoe department, under the supervision of an expert shoe man, located on the main floor with all modern conveniences.

Mr. Pendroy has employed John Swearingin as manager of the piece goods department. He has been in Mr. Pendroy's employment many years, being considered an exceptional manager of such a department.

"Our aim is to serve our customers with the best quality available at a moderate price, with exceptional service," said Mr. Pendroy.

### BLINDED WITH SNOWBALL

Blinded and dazed by a snowball thrown in his face while he was driving a truck along the highway passing through Tujunga, Quinal Adams collided with a machine standing near Rehm's market, smashing a rear fender. The snowball was thrown by a boy who did not realize how formidable a missile it could make.

### ANOTHER LINK IN CHAIN

The H. G. Chaffee company, which is known all over southern California for its chain of grocery stores, has leased one of the new store rooms now being erected by W. H. Gill at 114 East Colorado boulevard in Eagle Rock.

## "If I Could Only Get Up That Gas I Know I Would Feel Better."

How often have you felt that way? How often have you wished for something to give you genuine and lasting relief from gas?

Don't buy any ordinary dyspepsia tablets for temporary results. Go to a first-class drug store and ask for a bottle of genuine Baalmann's Gas Tablets. Take three tablets an hour before meals and again three after eating—then watch. Now comes a surprise. No more gas, no more smothered feeling, no difficult breathing, no bloating.

Remember, Baalmann's Gas Tablets are not only for the relief, but also for the prevention of gas. Most people with gas suffer from nervous dyspepsia—not common indigestion. Baalmann's Gas Tablets in the famous yellow package, price one dollar, are sold by Roberts & Echols and other reliable druggists. J. Baalmann, Chemist, San Francisco.—Advertisement.

## Glendale Midgets Defeat Alhambra In Casaba Contest

(Continued from Page 1)

reason for the locals' victory. The well known gridiron hero of the past year's championship lightweight eleven was directly responsible for 8 of Glendale's total of 12 points. "Pete" Fruhling, playing running guard, was the other ace of Coach Hayhurst's all-star cast, his clever breaking up of the opposition's plays being noticeable from start to finish.

For the visitors "Lanky" Lounston, the elongated center and all-around performer, scintillated by his excellent work both on the offensive and defensive. The individual honors of his team were shared by him with Ritter, whose work at running guard was practically irreproachable.

In the second game, which was the first league contest of the season for the local 110 pounders, the competition was as keen as in the curtain raiser, although it was not as replete with thrills. The score zigzagged from the start, the ultimate winner being undecided until the last few minutes of play. In this game Archie Neel and Elmer Muff starred for Glendale, while Bowers proved to be the bulk of Alhambra's team.

## PACIFIC NEIGHBORS MUST BE STUDIED, SAYS DR. MOORE

### Opportunity in Life Depends on Inquiry, Asserts Head of State University

various uses of corn products, after Dr. E. C. Moore was introduced.

In describing the Pan-Pacific Educational conference he stated as follows:

"I was a delegate at Honolulu to the first Pan-Pacific Educational conference. Socrates said that the most important thing for every man is knowledge. This gospel of knowledge was spread by Aristotle and Plato and then came Christianity, and now it is difficult to say where the gospel of knowledge ends and the gospel of Christianity begins. The missionaries' work combined the spreading of both gospels. It is difficult to say who received the most benefit on the Hawaiian islands. The missionary converted the natives to the gospel of knowledge and Christianity and also the natives made the missionaries more gentle and different than when they came to the island."

"The people of Hawaii come from all parts of the world. The population includes 109,000 Japanese, 40,000 native Hawaiians, 27,500 Portuguese, 22,500 Chinese, 20,000 Filipinos, 17,500 white Americans, 5,000 Koreans, and so on down the line. The people come from many countries of the world and they like each other and get on well."

"To promote friendships the gospel of keeping the Pacific ocean pacific and peaceful was then and still is the aim. They organized a group called 'Hands Around the Pacific Club.' Later that was changed to the Pan-Pacific Union, which exists for no other purpose but to propagandize friendship. This is financed by Japan, China, Australia, the United States, the territorial government of Honolulu and other Pacific countries. It occurred to them to bring about a conference of the scientific men of the Pacific countries, which was done."

"The Pan-Pacific Educational conference was held in the throne room of the palace at Honolulu. The delegation included seven or eight of the greatest educators in Japan, four or five from China, and representatives from the various Pacific countries. We sat together for ten days and tried to figure out how our education can make us better disposed toward each other, to understand and know each other better by means of the schools."

"The Japanese delegation was of extraordinary men. Two of them were among the greatest students of religion. The representatives of China were equally fine. These young educated Chinese are as fine young men as there are anywhere in the world. They seem to be more serious-minded than our young men. They are a splendid product of Chinese birth and home training, and for the most part of western education. I have hope for China because I have so much confidence in this kind of person. They are beginning to be very numerous in China and are tak-

### Realty Board Hears of Multiple Listings

John G. Munholland, prominent Long Beach real estate man, spoke before the Glendale Realty board at the Chamber of Commerce banquet hall this afternoon on the subject of multiple listing.

It is announced that the California State Real Estate association is moving its offices the first of the month from Oakland to Los Angeles in order that Glenn D. Willaman, the managing director, may keep in closer touch with C. C. Tatum, the newly-elected president. A suite of offices has been taken on the twelfth floor of the Merchants' National bank building.

## Ralphs Do a Rushing First Day's Business

My what a crowd! Ralphs new market at the corner of Broadway and Orange street was thronged all day yesterday by Glendale shoppers who were getting acquainted with the newest grocery store, meat market, vegetable mart, delicatessen, bakery, etc., which is all combined in one. Of course, the free coffee with every \$2 purchase was a big attraction, but the Ralphs found that Glendale is a friendly city and the brothers five—or were there four and their father—were present in person to greet their new patrons.

ing quite a part in the affairs of that country.

"Agents of Civilization  
I came back from this conference with the conviction that the missionaries of the early days were advance agents of civilization. They taught the people sanitation, and set up schools and taught respect for law and government and also the art of gentler living. They have only made a beginning of the work that we must carry on and this can best be done in the schools."

"One of the most interesting men at the conference was a delegate from Korea. I believe that he was the most brilliant and the ablest person there. He was graduated from the University of Southern California."

"The Japanese at the conference stated that that country was, prior to the disarmament conference at Washington, quite frankly at a loss to make out the attitude being taken by the United States. One thing that that conference undoubtedly did do was to prevent war in the Pacific."

"I believe that the great things of this world in the future will take place on the Pacific ocean and in the countries surrounding it. The Atlantic has been the center of civilization, but the Pacific will be the center before long."

Dr. Moore also stated that "two-thirds of the population of this world live in countries bordering on the Pacific. The University of California is going to be one of the greatest developing centers and power-houses of civilization, not only in our country but across the Pacific and in every country about it. It behooves every one of us to learn just as much about these different countries as we can possibly learn. We must put ourselves to school about this subject as our neighbors and must study it as our whole future and chief influence in the world as well as our opportunity in life lies along that line."
